CELEBRATE 'ONE WORLD THROUGH COOPERATIVE FINANCE'

INTERNATIONAL CREDIT UNION (ICU) DAY® 2024

Why do hundreds of millions of people worldwide choose credit unions? Because each credit union puts an emphasis on providing service to its members and local communities. That local service—community by community—contributes to a global reach that touches more than 403 million members. As cooperative and democratic financial institutions, credit unions' success depends on the success of their members and their community. Your best interest is in our best interest. This October 17, USECU will join more than 82,000 credit unions from 98 countries to celebrate the 76th anniversary of International Credit Union Day®.
